

SignBOX Light

Back illumination for single sided lightboxes

SignBOX Light provides bright even illumination for standard to deep profile sign cabinets. The modules are mounted on flexible strips making it easy for single person installations. To ease installation, mounting brackets are available for use in horizontal and vertical configurations.

- Illuminate sign cabinets, monument signs, and pylon signs
- Bright, even illumination
- Quick and straight forward installation
- Adaptable to many applications
- Constant Current Technology (CCT)
- UL and cUL recognized, CE, CSA Certified
- RoHS and WEEE compliant
