

DC 24 V Wet Location Power Supply

IP68 rated 100 W Power Supply

The new DC 24 V Wet Location Power Supply is easy to install and is extremely efficient. The slender light-weight design and threaded nipples for junction boxes make it easy to use in modular configurations. The power supply can run up to 18.25 meters (two legs, 9.14 meters each) of LEDStripe.

- IP68 Rated - Ingress Protection 68 is verified resistance to the intrusion of water, even in harsh environments
- Auto-resetting – No fuses to replace or circuit breakers to reset. Short Circuit Protection automatically resets when short condition is corrected
- Simple secondary hook-ups – no minimum load, no dip-switches and no load balancing required
- Modular design – can be clustered with standard J-boxes to create multiple 100 W legs
- Rugged, compact design
- UL recognition for dry, damp and wet locations
- Backward compatible with legacy SloanLED LEDStripe

SPECIFICATIONS:

Dimensions L x W x H	194 mm x 44 mm x 30 mm
Nominal Input	AC 100-240 V 47 - 63 Hz
Input Current	2 A
Output Voltage	DC 24 V
Output Current	4.2 A
Power Output	100 W
Temperature Range	-25° C to 60° C
Protection class	IP68
Part number	701895-24C
