

Great White 3

Advanced Brightness LED System

Perfect for wide, deep, and tall channel letters and vinyl applications

Great White 3 is now 40% brighter than before. This advanced high output white LED system is easy to use and provides an even, bright white illumination for wide, deep and tall letter sets and sign cabinets, while using fewer modules. It is also a perfect solution for illuminating vinyl applications. Great White 3 lighting system is designed with a proprietary Snap and Stretch module feature; this allows you to create two functional modules for maximum flexibility.

- Now 40% brighter
- Advanced High Output White LED System
- Even, bright illumination with fewer modules
- Snap and Stretch modules – create two half modules for additional flexibility
- Constant Current Technology (CCT)
