

## PosterBOX Module

### Side illumination for single and double sided light boxes

PosterBOX Module features FanFlare™ technology which directs the light across the sign face with bright, even illumination. Designed for single or double sided light boxes, using only a few modules. PosterBOX module can be used for new or retrofitted signs replacing fluorescent.

- Illuminate single or double sided narrow cabinets
- Modules mount on returns of can
- FanFlare™ lens technology – directs light across the sign face
- Use for retrofit and new signs
- Constant Current Technology (CCT)
- UL and cUL recognized, CE, CSA Certified
- RoHS and WEEE compliant

#### Possible Applications

- Poster box cabinets
- Menu boards
- Bus shelter signage
- Shallow cabinets

#### FlareShield accessory
